As an extension of the Human Capital Forum Event, TalentoHC will be launching and facilitating our 2024 HCF Mentorship program beginning this Spring, meant to bring together leaders and up and coming professionals for mutual learning, coaching & development, and support.

**76%** of professionals think mentors are important, but only **37%** have one.

## Learn From the Best

You can nominate yourself or a team member that can benefit from the HCF Mentorship program. This quarterly program will connect mentors and mentees for personal growth, professional exposure and career guidance in HR and Talent Acquisition.

## Become a Mentor

Join a dynamic team of HR and TA executives aiming to enhance leadership skills and create a lasting impact in the field by empowering the next generation of leaders. Mentors are encouraged to nominate mentees from their team to participate in the program and maximize its benefits.

**84%** reported that mentoring relationships provide two-way inspiration for mentor and mentee.

## How it works:

After mentors and mentees are paired, you'll receive a program packet with all the details. Additionally, a private LinkedIn Group will be set up for ongoing communication among mentors and mentees to track progress and share information. Mentors will meet with their mentees twice monthly via Zoom or in-person to facilitate the mentorship. All necessary resources, including program information, goal tracking tools, and mentorship guides, will be provided by the HCF mentorship program team. Mentors are also encouraged to offer personalized feedback based on their expertise for an enriched experience.
